

GAINESVILLE FOR UNIVERSITY.

Tampa Tribune Declares That No City in State Is Better Adapted.

The Tampa Tribune of June 2 strikes the nail on the head and shows that Tampa, along with other sections that are now looking at the matter from a just and practical standpoint, with impartial reasons, believes that Gainesville is the proper place for the location of the Florida University. Editor Stovall, who is one of the most conservative and most careful writers in the State, says:

"The Buckman bill, which has passed both houses and been signed by Governor Broward, puts enormous power into the hands of the executive which no doubt will be exercised by Governor Broward with the most conscientious care and deliberation. It is of the greatest importance that the State board of control to be appointed by the Governor absolutely should be a body of upright, competent and untrammelled men. To this end The Tribune urges that the Governor should not appoint on it any member of the Legislature who might be biased for or against any practical location for either of the State colleges, or any one who is interested financially in any town likely to become a competitor for said location."

"Gainesville is unquestionably the best location in the State for the University, which is the most important proposition. The city is located centrally, both geographically and with respect to population, and has everything desirable for the maintenance of the University. It has the school spirit, good water, a healthful climate, good buildings, and is a town without a saloon or a disorderly house, with a standard of morality that makes it an ideal college town."

STREETS BEING CLEANED.

East Main Street South Now Clear of Weeds and Makes Nice Appearance.

The Sun is glad to note the improvements in the matter of cleaning up the streets. After two or three days' attack on the filthy condition of things, the street committee decided to set the ball rolling by cleaning the streets. While the weeds and grass are not near so dangerous as unsanitary conditions in back yards, nevertheless it will have a tendency to make the thoroughfares better and more presentable, and those responsible for the change are to be commended.

It is to be hoped that occupants of dwelling houses and other private places will follow the example of the public workers.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

Notaries Don't Know.

Notwithstanding that notaries of the public as a rule are intelligent folks, there are a few who do not seem to grasp the conception of the law in certain instances.

The reporter was reminded very forcibly, and with some degree of humor, of this fact by Clerk Wienges Friday, who was recording a certain deed. The property involved was in the wife's name, and following the transfer was a certificate from the husband stating that the transfer was made with his full consent and without intimidation or persuasion in any manner, etc., the regular form intended for the wife being used.

Mr. Wienges states that this is entirely unnecessary, as a wife does not require the "free will" of her husband or any other man in selling property by this form. All that is necessary is a statement from the husband that there is no objection to the transfer and this settles the whole transaction as far as consent is concerned.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the crowning-up outcrop of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, in time, falls out. This can be prevented.

Herpicide kills this dandruff parasite, and restores the hair to its natural growth and abundance.

Herpicide is now used by thousands of well-satisfied that it is the most perfect hair preparation on the market.

Seven stages of womanhood

From Altar to Altar

(No. 2. Look for No. 3 next week.)

The Budding Rose

is not so beautiful as the young girl just coming into womanhood. The Mother's watchful eye is on the girl and she sees and knows her daughter's need.

Developing functions must be guarded and sustained at this critical period or a life is made miserable and perhaps lost.

Nature may need help to establish the functions of life but not getting it the life is ruined.

G.F.P.

Gerstle's Female Panacea

is just the help needed.

Headaches, Pain in the Back, Dizziness, Bad Sight, Painful and Scanty Menses, these are the Danger Signs pointing to conditions that may result fatally.

Gerstle's Female Panacea will cure them all by healing the organs and toning up the nervous system.

Taken in time G. F. P. will save a life from misery and distress.

Guarantee.

This guarantee authorizes any druggist to refund the purchase price of a bottle of G. F. P. (Gerstle's Female Panacea) to any woman who buys it and is not benefited by its use.

Gerstle Medicine Co., Chattanooga, Tenn.

The Gainesville Directory.

Work is progressing steadily on the Gainesville City Directory, and the compiler expects to place all copy in the hands of the printer by the middle of the coming week. The compiling of this work has been a long and tedious undertaking, due principally to the fact that the compiler, who has other duties to perform, has been compelled to work on the directory at odd times. The "facts and figures" have all been secured, however, and the compiler is now closing out as rapidly as possible the advertising space. There are only a few pages left, the merchants and business and professional men as a rule giving hearty support by liberal subscriptions for space.

It was at first intended to issue the directory about June 5, but owing to the fact that the work could not be completed in time, it will probably be the middle or the 20th of the month before the book will be ready for distribution. The book, however, will be a credit to any city of 10,000 population when completed.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orin's Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or grip and is mild and pleasant to take. J. W. McCollum & Company.

CHARGE AGAINST A SENATOR.

Arkansas Man Arrested on Bench Warrant for Alleged Bribe Taking.

Little Rock, Ark., June 2.—State Senator J. W. Covington, who was president of the senate of the session which closed May 4, last, has been arrested here on a bench warrant following an indictment returned by the Pulaski county grand jury, charging him with accepting bribes in two instances.

It is alleged that he accepted money for his vote and influence in connection with a senate bill appropriating \$800,000 for the completion of the new state capital and a house bill, establishing a judicial district at Feinzenhan, Union county.

Senator Covington has been brought here from Clarksville, where he resides. Immediately after his arrival he gave bond in the sum of \$1,000, and was released from custody.

Ready for the Veterans.

Louisville, Ky., June 2.—The executive committee of the confederate reunion is meeting at headquarters practically every night and so methodically has the work of preparation for the great gathering progressed that the stream of veterans from all parts of the country would come into Louisville and be entertained without a hitch. The headquarters for the delegations from the different states have been located in court rooms and the school buildings in several parts of the city, and the confederate badges will carry admission to any meeting or place of amusement during the reunion and sponsors' badges will admit the wearer and her escort.

Cures Old Sores.

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Minn. Co., Pa., has a sore and trusts that it is a cancer. Please send her a 50c bottle. Sold by W. M. Johnson.
